their meeting on Tuesday for the
county coupon warrants advertised to
be sold on that day under sealed bids

bid was from the Citizens Bank, of

bidder the County Commissioners
deemed it best to readvertise and Mr.
J. B. Barton, president of the Citizens
Bank, was allowed to withdraw his bid.
It does seem that so good an invest-
ment as county bonds, or coupon
warrants bearing 6 per cent interest
ought to be attractive enough to
bring out bids from more than one of
the financial institutions of this county.

Care in Preparing Food.

In recent years scientists have
proved that the value of food is mea-
sured largely by its purity; the re-
sult is the most stringent pure food
laws that have ever been known.

One food that has stood out prom-
inently as a perfectly clean and pure
food and which was as pure before
the enactment of these laws as it
could possibly be is Quaker Oats;
conceded by the experts to be the ideal
food for making strength of muscle
and brain. The best and cheapest of
all foods. The Quaker Oats Company
is the only manufacturer of oatmeal
that has satisfactorily solved the prob-
lem of removing the husks and black
specks which are so annoying when
other brands are eaten.

For hot climates Quaker Oats is
packed in hermetically sealed tins,
keeps fresh and sweet anywhere.
